MEMORANDUM FOR: Deputy to the DCI for National Intelligence
FROM: Director of Central Intelligence
SUBJECT: Key Intelligence Questions

Attached is a copy of the draft Key Intelligence Questions which I gave the President some weeks ago. Although he did not comment on them specifically, I think we should consider revising the Key Intelligence Questions along with the Twenty Questions exercise. Whether or not these are the precise forms we end up with, I think we will likely want something of each type. I don't know that these draft questions are actually the right ones, but would appreciate your looking at them. Attached also is a copy of the existing Key Intelligence Questions for comparison.
